1 Ask

Ask ChatGPT, Gemini and Google what people ask about you:

- “Who is [your name]?”
- “Is [your company] reliable?”
- “Best [your service] in Bulgaria?”

2 Look

- Is it correct?
- Is it up to date?
- Which sources does it use?

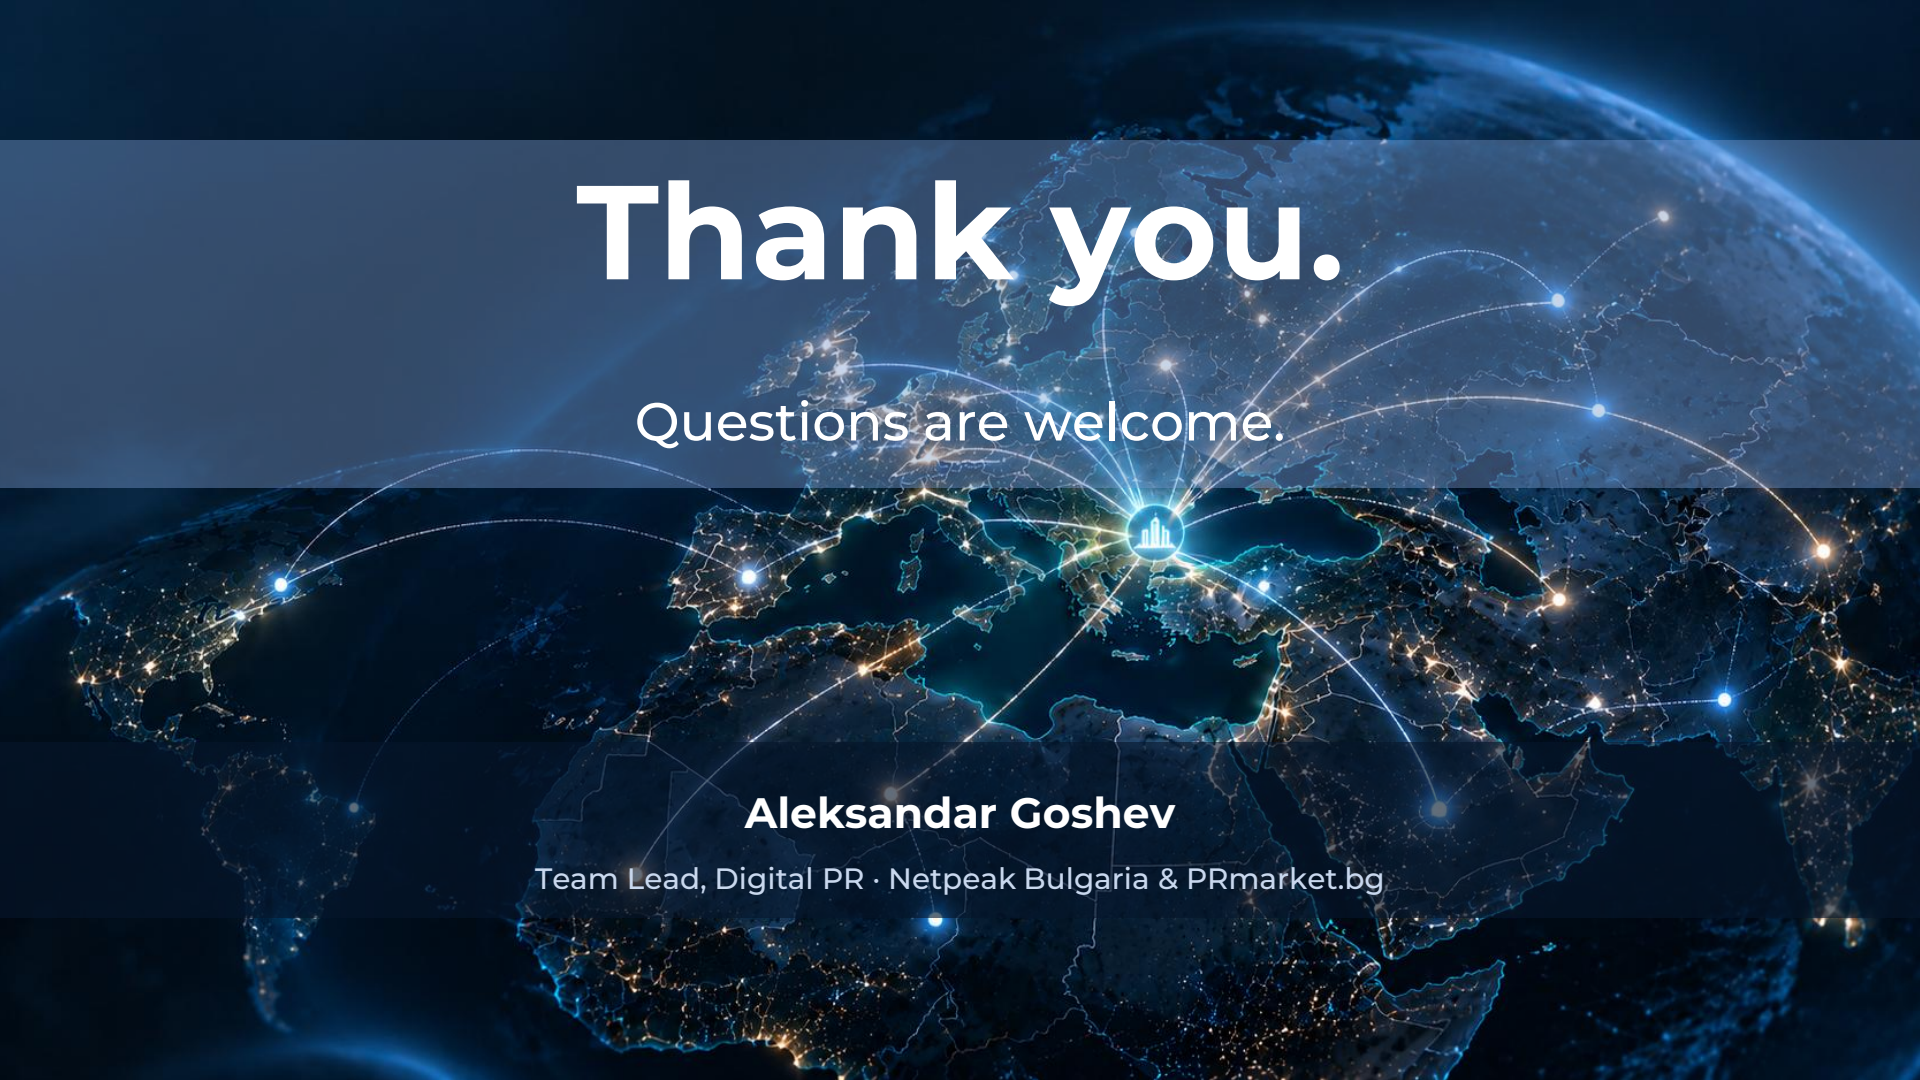

Repeat it once a month.

3 Fix the sources

- Update your official pages
- Publish in trusted media
- Same facts everywhere
- Wikipedia: ask its editors, don’t edit your own page

Don’t fix the AI. Fix the sources it reads.
